grande gioia

Letteralmente il termine Bliss significa grande gioia, beatitudine. Massima espressione del rivestimento italiano, del gusto e del design Made in Italy, Bliss è una collezione contemporanea che si ispira al colore: ben otto basi diverse con una trama definita da un tenue millerighe, grazie alla continuità garantita dal grande formato rettificato 34x56, sono capaci di far letteralmente vibrare le pareti. Attualissimi nella moda e nell'arredo, righe e fiori, trame optical, farfalle con un guizzo grafico e profili volumetrici creano ambienti di grande stile e per tutti i gusti. La moda e il design infatti non hanno dubbi: effetti ottici e contorni sottolineati sono l'ultimo grido!

La collezione Bliss è realizzata in monoporosa a pasta bianca nel grande formato rettificato che crea pareti continue dove la trama multiriga si sviluppa senza interruzioni, creando ambienti avvolgenti, raffinati, di grande attualità, coordinata con un pavimento dedicato in gres porcellanato smaltato effetto pixel.

La varietà dei fondi e dei componenti decorativi (dalle piccolissime bacchette, alle fasce volumetriche, ai pannelli e composizioni macro) è pensata per chi ha gusto e voglia di mostrare agli amici una casa curata anche nei dettagli, per chi ama unire gli stili, combinando pezzi classici e oggetti d'avanguardia, per chi vive il bagno come spazio di benessere e di piacevole cura di sé.

Bliss, in its widest interpretation, means greatest joy and beatitude. It is the fullest expression of Italian ceramic wall tiles, taste and Italian design. Bliss is a contemporary collection which takes its cue from colour. There are eight different colour bases with thousands of soft fine streaks which, in the large edge-ground x56 size, appear continuous, giving walls a vibration all of their own.

The very latest thing in both fashion and interior design: flowers and stripes, optical illusions, graphic flights of butterflies and geometric profiles make it all happen in grand style whatever your taste. Fashion and design have no qualms about it: optical effects and an accent on surrounds are where it's at!

The Bliss collection is made of white body single-fired porous tiles in edge-ground large sizes which appear to connect together around the walls, with thousands of interwoven streaks that just go on and on, giving rooms a hugging, feel good, look good atmosphere, very contemporary with matching glazed porcelain stoneware pixel pattern floor tiles.

The variety of the field tiles and the decorative elements (from the tiny liner bars to the wide border tiles and the big composition panels) were created for people with style they want to share with friends, a home where even the details count, people who like to mix and match styles by putting the old and the avantgarde side by side and whose bathrooms are real living spaces where well-being is part of the pleasure.
